Note : Websites hosted on www.render.com experience higher latency than the average due to their free plan. Additionally, because of the free plan, any images uploaded to a website hosted on Render will be automatically deleted after a short period of time.

Overview :

We have developed a website for the IUT Computer Society (IUTCS) that features an engaging and informative landing page. This **Landing page** provides a comprehensive overview of the Computer Society, including its activities, events, achievements, and more. The website includes a dedicated **Blog page** where articles can be posted to highlight the society's accomplishments. The **Events page** is divided into two sections: Inter and Intra university events, where users can access detailed information about upcoming and ongoing events and register for participation.

One of the key features of the website is the **Admin Panel**, which allows administrators to log in using their credentials.

Current credentials for the Admin (Username : admin Password : admin)

From the admin panel, they can create, edit, or delete achievements, blogs, and activities. Additionally, administrators can access participant lists for both **Intra and Inter-university events** organized through the website.

The website also incorporates an **Email Notification system** to relay the competition information to all participants. A dedicated **Executive Committee page** showcases the current team of executives who are working diligently to enhance IUTCS. The **About Us page** provides insight into the society's history, mission, and its core goals. The **Achievements page** is designed to highlight the society's notable accomplishments, while the **Activities page** provides information on ongoing, upcoming, and past events hosted by IUTCS.

Lastly, the website includes a **Leaderboard page** that displays the status of competitions.

1. Landing Page (Home) :

On the landing page, a slider is featured for dynamic content display. A navigation bar is prominently placed, allowing users to navigate to various sections, including Home, Events, Achievements, Activities, About, Blog, Executive Committee, and Leaderboard. It's worth noting that the Admin panel has its distinct login system, requiring specific credentials for access. There are separate sections showing services, key events, introductory video of IUTCS, their works and achievements.

The screenshot shows the IUTCS website homepage. At the top, there is a navigation bar with links to Home, Events, Achievements, Activities, About, Blog, Executive Committee, Leaderboard, and Admin Panel. Below the navigation bar, a large banner for "10TH ICT FEST" is displayed, featuring the text "Experience ICT Fest Where Innovation Meets Celebration!" and the IUTCS logo. The banner also includes the text "PROUD ORGANISER IUT CSE & IUTCS". Below the banner, there is a section titled "OUR SERVICES" with the subtitle "Unlocking Tomorrow's Potential, One Line of Code at a Time." Six service offerings are listed in boxes: ACM Classes, Web Development, Machine Learning, UI/UX Design, Android Development, and CTF. Each service box contains a small icon and a brief description.

OUR SERVICES

Unlocking Tomorrow's Potential, One Line of Code at a Time.

- ACM Classes**
Elevate your coding skills with our empowering programming classes.
- Web Development**
Crafting digital experiences, one code at a time, in our web development classes.
- Machine Learning**
Navigating the future with data-driven intelligence in our machine learning courses.
- UI/UX Design**
Designing tomorrow's user experiences today in our UI/UX courses.
- Android Development**
Building the future of mobile innovation through Android development courses.
- CTF**
Unleash your cybersecurity skills and conquer challenges in our thrilling Capture the Flag competitions.

What is IUT CS?

IUT Computer Society (IUTCS) was formed in 2008 by the students of the Department of Computer Science and Information Technology (CIT), which was later renamed to the Department of Computer Science and Engineering, of Islamic University of Technology. The annual activities of the society include Programming Classes as well as regular programming contests, Application Development Classes, Co-curricular Aid and Projects. In addition workshops on current mainstream applications and technologies as well as seminars with notable personalities and professionals in the ICT sector, are a regular part of the calendar events of the IUT Computer Society

TYPES OF EVENTS

IUTCS hosts these three key events throughout the year.

Seminars and Workshops

ICT Fest - Inter university program

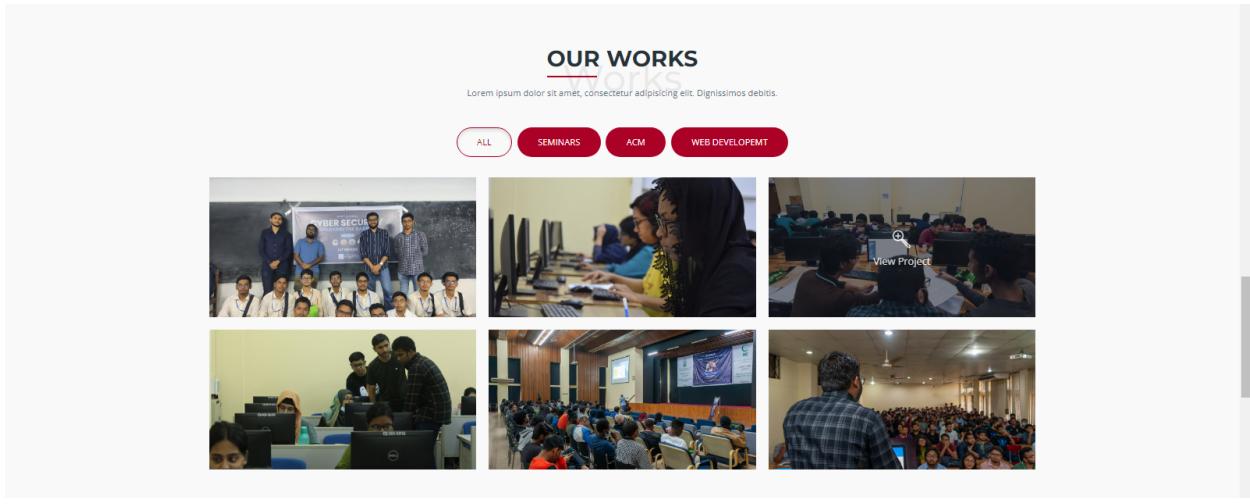

CodeRush - Intra university program

OUR ACHIEVEMENTS

Fueling innovation, fostering talent, and achieving excellence – Our CS club's journey to success.

- █
BRACNet Inter University Programming Contest 2023
 IUT GENESIS secured 1st runners-up position in this competition
- █
Inter-University Capture The Flag (CTF) organized by BUET
 IUT GENESIS has become the CHAMPION of this competition
- █
Luna Shamsuddoha DevMania 2023
 Team LoAaNa successfully achieved the position of 1st runner's up
- █
ICPC Dhaka Regional Contest 2022
 Team 'IUT_slowFourierTransform' has secured 8th place (out of 162 teams)
- █
Orbitax SUST SWE Technovent Brain Station 23 Hackathon
 IUT Pixel became the Champion of this hackathon.
- █
RIoT Center Flag Hunt 2022
 IUT GENESIS secured their victory by putting up a formidable fight against competitors

Here is the footer shown below that is found at the bottom of every page and that contains the important links and the contact information.

IUTCS

IUTCS continues to strive towards the development of the ICT Field and is fully dedicated with able minds to work on this goal.

2. Events page:

The Events page is designed to display both Intra and Inter University events organized by IUTCS. Users have the option to choose between viewing Intra University events or Inter University events, depending on their preferences and interests.

The screenshot shows the IUTCS website's Events section. At the top, there is a navigation bar with links: Home, Events, Achievements, Activities, About, Blog, Executive Committee, Leaderboard, and Admin Panel. Below the navigation bar, there is a header with the text "EVENTS" and a sub-header "Prove your worth on our events". There are two main event cards displayed. The first card, titled "CodeRush 1.0", has a red and blue background with the date "16-19 March, 2023" and the text "organized by IUTCS". It is categorized under "Intra University". The second card, titled "10TH ICT FEST", has a black background with a red and white logo and the text "organized by IUTCS". It is categorized under "Inter University".

Depending on what the user clicks he will land on that page with either Intra or Inter. It is shown below:

(i) Intra University Events:

The screenshot shows the "Intra University Events" page for the "CodeRush 1.0" event. At the top, there is a navigation bar with links: Home, Events, Achievements, Activities, About, Blog, Executive Committee, Leaderboard, and Admin Panel. Below the navigation bar, there is a header with the text "Intra University Events". The main content area features a large event card for "CodeRush 1.0". The card includes the event title, date (2023-03-19 09:30), a "Read more" link, a "click here for registration" button, and a detailed description of the event activities: Programming Contest, Hackathon, Capture The Flag, Project Showcasing, and Panel Discussion. The event card also includes the date "18-19 March, 2023" and the text "organized by IUTCS".

By clicking on the "**Read more**" option, users can access detailed information about the entire event, including its description, schedule, and any additional

relevant details.

The screenshot shows a web browser with the URL iutcs.onrender.com/intra_events/17/. The page title is "CodeRush 1.0". Below the title, it says "2023-03-19 09:30". A red button labeled "Click Here For Registration" is visible. To the right, there is a large promotional banner for "CodeRush 1.0" featuring icons for Programming Contest, Hackathon, Capture The Flag, Project Showcasing, and Panel Discussion. The banner also indicates the dates "18-19 March, 2023". Below the banner, a text box contains the following information:

The Department of Computer Science and Engineering and the IUT Computer Society (IUTCS) are organizing the 1st Intra ICT Fest 2023, also known as *CodeRush 1.0*. This event is primarily for students who are fervent to exhibit their expertise, compete against each other, and gear themselves up for future competitions. There are 5 segments of the event: Programming Contest, Capture The Flag (CTF), Hackathon, Project Showcasing, and Panel Discussion. IUTCS has been at the forefront of providing an exceptional learning experience to the students and preparing them for successful careers in computer science by hosting regular skill-development workshops, seminars, and sessions with alumni and notable personalities of the tech industry. The event *CodeRush 1.0* will be the next step in our vision and a stepping stone toward fulfilling our goal. We aim to make the panel discussion the centerpiece of this event. Here, we plan to invite industry experts and create an interactive session to discuss some particular issues that concern the current students. We will be very happy to get suggestions from you regarding how we can make this segment better, so please feel free to contact us for further details. We would like to cordially invite you to join the event, which is going to take place on the 18th and 19th of March. As valued alumni of the CSE Department, we believe that your presence would significantly contribute to the event's success and serve as an excellent platform for current students to connect with you. To know more - <https://fb.me/e/11rL6sweq>

Users can click the "**Click here for Registration**" button to access the registration process and sign up for the event.

(ii) Inter University Events :

Similarly the users can see the Inter University events going into the Inter University events section.

The screenshot shows a web browser with the URL iutcs.onrender.com/events. The page title is "Inter University Events". Below the title, there is a section titled "Poster Presentation 10th ICT FEST" with the date "2023-11-15 19:28". It includes a "Maximum Member: 2" field and a "Read more" link. A red button labeled "click here for registration" is present. To the right, there is a promotional poster for "Poster PRESENTATION" at the "10th ICT FEST" with the text "#IdeasToAction", "REGISTER NOW", and a QR code. The poster also includes the website "WWW.ICTFEST2019.COM/EVENTS" and the dates "APRIL 17TH & 18TH".

It also includes both a "Read More" button for accessing event details and a "Click here for Registration" button for initiating the registration process.

The screenshot shows a web browser window with the URL iutcs.onrender.com/inter_events/team_registration/11. The page title is "Team Registration". It contains two sets of form fields: "Team Leader Information" and "Member 2 Information", each with fields for Name, Email, Contact Number, and Institute. Below the form is a checkbox labeled "Check before submit" and a "Submit" button.

3. Achievements page:

This page includes a dedicated page to showcase the society's achievements.

The screenshot shows a web browser window with the URL iutcs.onrender.com/. The page title is "Achievements". It displays two achievement entries: "1st runners-up in the CoU BRACNet" and "CTF Winner". The "1st runners-up" entry includes a congratulatory message and a photo of five people. The "CTF Winner" entry includes a photo of four people.

4. About Us:

This page shows the IUTCS story, missions and vision.

IUTCS

Empowering Minds - One Byte at a Time

OUR STORY

IUT Computer Society (IUTCS), founded in 2008 by students of the Department of Computer Science and Engineering at the Islamic University of Technology, organizes annual programming classes, coding contests, application development courses, co-curricular support projects, workshops, and seminars featuring ICT sector experts.

IUTCS

Home Events Achievements Activities About Blog Executive Committee Leaderboard Admin Panel

OUR MISSION

The primary goal of the IUT Computer Society is to develop an ICT oriented generation of citizens. With this agenda in mind, IUT Computer Society has taken initiatives by organizing various ICT related contests both within the campus and outside as well.

OUR VISION

The members of IUTCS have many prestigious achievements in the various fields of ICT. Teams on behalf of IUT have won accolades and honors in the fields of robotics and programming both on home ground as well as in external competitions. Our teams have excelled in competitions, including the Microsoft Imagine Cup where they were Runners-up, and have also earned recognition in other application development and programming contests.

5. Blogs:

The website includes a dedicated **Blog page** where articles can be posted to highlight the society's accomplishments.

The screenshot shows the 'Blogs' section of the IUTCS website. It displays two blog posts. The first post is titled 'Binary Search Problem' by Alex Schuessler, dated 2023-10-22 04:15. The second post is titled 'How to use Markdown for blogs' by Rafi Hassan Chowdhury, dated 2023-10-19 14:15. Both posts have 'Read more' and 'Edit' buttons below them.

If user clicks the **Read more** option then he will get to see details

The screenshot shows a detailed view of a blog post titled 'Binary Search' by Alex Schuessler, dated 2023-10-22 04:15. The post discusses the binary search algorithm, its implementation, and provides code snippets from LeetCode 704. It also covers integer overflow and its implications. The post is well-formatted with headings and code blocks.

6. Admin Panel:

Current credentials for the Admin (Username : admin Password : admin)

One of the key features of the website is the **Admin Panel**, which allows administrators to log in using their credentials. This admin panel ensures that our overall website is dynamic.

The screenshot shows the IUTCS website's main navigation bar at the top, featuring links for Home, Events, Achievements, Activities, About, Blog, Executive Committee, Leaderboard, and Admin Panel. Below the navigation is a login form titled "Login". The form includes fields for "Username" and "Password", both of which are currently empty. A "LOGIN" button is located below the password field. At the bottom of the page, there is a footer section for "IUTCS". It includes a logo, a short description of the organization's goals, social media links for Facebook, Twitter, and LinkedIn, and links to various site sections like Executive Committee, Events, Achievements, Activities, and Blog. There are also "SHORT LINK" and "CONTACT US" sections providing address, phone number, and email information.

IUTCS

IUTCS continues to strive towards the development of the ICT Field and is fully dedicated with able minds to work on this goal.

After the admin logs in:

The screenshot displays the Admin Panel interface for a platform. At the top, there is a navigation bar with links: Home, Events, Achievements, Activities, About, Blog, Executive Committee, Leaderboard, and Admin Panel. The Admin Panel link is highlighted. Below the navigation bar, the title "ADMIN PANEL" is centered, followed by a sub-header "For Admins" and a tagline "Elevate Your Control: Mastering Edits with Precision on Our Admin Panel!". A "Logout" button is located at the top right of this section. The main content area contains several cards with icons and buttons:

- A card with an icon of a target and medals, labeled "Create Achievement".
- A card with an icon of a laptop on a desk, labeled "Create Activity".
- A card with a large red "BLOG" button, labeled "Create Blog".
- A row of three small icons: a star, a progress bar, and a person silhouette.
- A card with an icon of a calendar with a star, labeled "Create intra university event".
- A card with a yellow background and a large red "EVENT" button, labeled "Create inter university event".
- A card with an icon of four people holding hands in a circle, labeled "View Inter Event Participants".
- A card with an icon of a group of people, labeled "View Intra Event Participants".

There are **seven options for the admin in the admin panel**. The admin can create achievement, create activity, create blog, create intra university events, create inter university events, view inter participant events and intra participant events.

1st runners-up in the CoU-BRACNet

It is with immense pleasure that we extend our warmest congratulations to team IUT_ৱিজেট্টোর্স for securing the prestigious 1st runners-up position in the CoU-BRACNet Inter University Programming Contest 2023! Your dedication and sheer brilliance have illuminated our path, and we couldn't be prouder. We extend our heartfelt gratitude to both the mentors and the talented members, namely Abdullah Abrar, Abid Hasan, and Reaz Hassan Joarder, for their unwavering commitment and remarkable teamwork. In addition, we commend team IUT_O(n) for their impressive 23rd position in the top 25, a testament to their outstanding abilities. Our sincere appreciation goes out to mentors and members, Mushfiq Talha, Mir Sayad, and Sakib Ayan, for their remarkable performance. This success underscores the paramount importance of competitive programming, where passion and problem-solving skills converge to achieve greatness. Keep coding and forging new frontiers!
